- the issued shares shall grant the right to dividends from the financial year the share capital was increased;
- in case the amount of shares subscribed for during the subscription period will exceed the volume of the planned share capital increase, the Management Board of the Company will have the right to cancel the oversubscribed shares in accordance with § 3461(2) of the Commercial Code. During allocation the Management Board of the Company will grant the existing shareholders their pre-emptive right for subscription derived from legislative acts and follow the principle of equal treatment of shareholders;
- in case the amount of shares subscribed for during the subscription period is under the volume of the planned share capital increase, the Management Board of the Company will have the right to cancel the shares that were not subscribed for during the subscription period. The Management Board will have the right to exercise this right during 15 days after the end of the subscription period;
- by issuing new shares the Company wishes to improve its capitalization. Proceeds of the share issue will be used for investing in residential real estate development projects.

Manager's comment:

In the general meeting a record-high number of shareholders took part and the decision, that was not adopted on 5 June due to lack of the needed amount of votes in favour of the decision, was adopted today. The Company thanks all the shareholders who found the time to participate in the extraordinary general meeting personally or through a representative. The next goal of the company's Management Board is to successfully raise the share capital.
